THE EARL OF MEATH ON THE CRIMES.

The Earl of Meath has contributed an article to the *Newspaper* upon the Australasian crisis. Speaking upon the relations of capital and labour, the Earl of Meath says that as despotism as a king in New Zealand is equivalent to the weakness of the colonial green, chid, or to its being largely held by absentees. Bondholders were only poor men—runholders, shopkeepers and clerks. In Australia, on the other hand, capital had proved victorious after a hard struggle. Referring to makeshift suffrage he said that it had proved a good work spoken in any colony for the time out of its working. Legislators in the colonies were of an inferior type as compared with those of the early days. A clergyman in New Zealand had informed the writer of the article that he had submitted to most foul language from the working-class, who had held the pure cause. There were, however, large classes of affectionate and loyal colonists, who only needed the occasion to astonish the world.

THE FRANCHISE ACT AT THE CAPE.

The Queen has refused to grant a petition forwarded by the Malay population of Cape Colony, asking her Majesty to give to the Franchise Act recently passed by the legislature of the colony.

The prisoners were found guilty, and were each sentenced to five years' penal servitude.

GERMAN MAIL SERVICES TO AUSTRALASIA.

A bill revising the German mail services to Australasia has been referred to the Budget Committee of the German Parliament.

LOMBAUD, 27th February.

The revised section of the German legislation opposes the proposed German mail service to New Guinea, as the ground that it makes the contracting company dependent on the Empire. Herr Bamberg, the Postmaster-General, advocated subsidized lines of steamers, by which dependence upon England would be obviated.

THE CONGO FREE STATE—DEFEAT OF THE ARABS.

Intelligence has reached Brussels from the Congo Free State that the revolt of the Arab tribes has had a conflict with the souvenirs on the Lomami. Lieutenant Dhanis completely defeated the Arabs, capturing 500 prisoners, including five chiefs. He also seized 600 rifles.
